Upholstery Cleaning process
Regularly use a soft brush or vacuum to remove surface dust and marks. For more stubborn dirt use a damp microfibre cloth and water, working in a circular motion. Do not rub vigorously as this may damage the surface. Do not machine wash. Avoid any contact with bleach based cleaning agents as this can cause significant damage to the fabric.

*Using 50KG FR Foam. **Using 36KG FR Foam

Beau is also available as a base-cloth for digital print. Please view our wide selection of printed designs on the Skopos website.
