Boulevard

Flame retardant to Crib 5

Facets of metallic yarn glint in contrast to a soft chenille and a natural matt backdrop, adding texture, warmth and a contemporary flavour.

Palais Galleries

The definite chevrons of metallic yarn strike a bold path across the horizontal chenille yarns in the Palais design, mimicking architectural detailing and structure. In contrast Galleries provides a small scale scattered check, little windows of woven detail, in 3 complementary yarns.

Cleaning process

Regularly use a soft brush or vacuum to remove surface dust and marks. For more stubborn dirt use a damp microfibre cloth and water, working in a circular motion. Do not rub vigorously as this may damage the surface. Do not machine wash. Avoid any contact with bleach based cleaning agents as this can cause significant damage to the fabric.
