**Upholstery Cleaning process**

Regularly use a soft brush or vacuum to remove surface dust and marks. For more stubborn dirt, use a damp microfibre cloth and water, working in a circular motion. Do not rub vigorously as this may damage the surface. Do not make wash. Avoid any contact with bleach based cleaning agents as this can cause significant damage.

---

**NB:** Digital colour swatch for colour reference only. Sample cutting must be referred to prior to specification.

It is the contractor's responsibility to ensure all cleaning instructions are passed onto the end user.
